

MISSIONARY HIGHLIGHT

## MUCHE & DIAMONE UKEBU

MIAMI, FL

OCTOBER 18, 2020

---

Muche and Diamone Ukegbu (oh-KAY-bo) planted a new church called The Brook Church on the north side of Miami. The north side of Miami is extremely diverse, and the Ukebus are partnering with the North American Mission Board in order to reach immigrants who have come from Bolivia, Peru, Colombia, Venezuela and other Spanish-speaking nations.

Over the past 30 years, the neighborhood surrounding The Brook Church has changed as newcomers have moved in. A number of Anglo churches have closed or moved. In their place, many new churches are needed to reach the growing community.

Reaching internationals is difficult, but The Brook Church is growing steadily. Muche grew up in inner-city Houston, Texas, where his brother was tragically killed at the age of 21. Because of what Muche and Diamone have experienced, they feel especially called to inner-city ministry.

Our church has helped send Muche and Diamone to Miami and supported their ministry by giving to the Cooperative Program. Let's pray for Muche and Diamone. Pray for their inner-city ministry of helping bring people to faith in Jesus Christ in north Miami.

---

*Thank you for your church's giving through the Cooperative Program.*
