John 12:46

..... embracing BOSTON

Metropolitan Boston has a population of more than 4.5 million people. As the academic capital of the world, the opportunities to reach people and the nations are great. However, the evangelical population of this important New England urban center remains at less than three percent. More than 1,000 towns in New England are without an evangelical witness. The urgency of the need for the Gospel in New England is great, and Boston lies at the strategic center of the region.

Join Embrace in 2019 in reaching this New England city, and its surrounding communities, with the Gospel!
