

GREENVILLE

[PRAYER PROMPTS]

The Greenville area is located in the north-central, coastal region of eastern North Carolina. This section of the state has developed into a medical, commercial, educational and cultural hub, but there are various challenges and much work to be done. One of the identified pockets of lostness reveals 74.5 percent as being unreached in the Greenville area, where there are few active evangelicals. The challenge in this location is due to the narrow percentage of churches across a broad rural region. We are asking Christ to create a stirring within His people for the lost of eastern North Carolina, to encourage brothers and sisters to come together and build new ministries and congregations.
