

TRIAD

[PRAYER PROMPTS]

The Piedmont Triad of North Carolina is home to nearly 1.4 million people. More than 382 North Carolina Baptist churches dot the landscape of this area. However, while the church-to-population ratio is high compared to most places in the United States, the percentage of people without a relationship with Christ is growing. The Triad is also becoming home to an increasing number of people born outside the United States and who are bringing their religion with them. Please pray that people would recognize where God is working in the Triad and join Him there.

TRIAD

[PRAYER PROMPTS]

- 1 Pray for the development of the Triad Strategy Team.
- 2 Pray for the 12 points of engagement already identified where unreached people now call home.
- 3 Pray for the nine population center pockets where over 71 percent of the residents do not have a relationship with Jesus.
